THE HELMâ„¢ - OFFICIAL TIMESTAMP DOCUMENT
Intellectual Property Protection Filing

Document Purpose: Establishing creation date and ownership for intellectual property protection

Date of Creation: February 28, 2026
Time of Filing: [Timestamp will be provided by Internet Archive upon upload]

CREATOR INFORMATION

Legal Name: Janisha Shardae Bookman
Professional Name: Ma'Ka Yuchii
Business Entity: PeacockPhoenixInnerG / Tangible Healing LLC
Contact: contact@peacockphoenixinnerg.com

WORK BEING PROTECTED

Title: The Helmâ„¢ Planetary Alignment Doctrine
Subtitle: Complete System Documentation and Methodology

Type: Original intellectual property including:
- Proprietary geometric analysis methodology
- Software/application code
- Mathematical formulas and algorithms
- Written documentation and educational materials
- Business methodology and framework

Trademark: The Helmâ„¢ (common law trademark claimed as of this date)

DECLARATION OF OWNERSHIP

I, Janisha Shardae Bookman (professionally known as Ma'Ka Yuchii), hereby declare that:

1. I am the sole creator and owner of "The Helmâ„¢ Planetary Alignment Doctrine"
2. This work was created by me personally between 2024-2026
3. All content, methodology, code, and documentation are my original work
4. I have not copied, stolen, or inappropriately used anyone else's intellectual property
5. I claim all copyright, trademark, and patent rights to this work
6. This filing establishes my creation date and ownership for legal protection purposes

---

COMPONENTS OF THE WORK

This intellectual property protection filing covers:

1. The Helmâ„¢ Methodology
- 8-fold geometric segmentation framework (45Â° divisions)
- State classification system (ENTRY/CORE/EXIT)
- Compression metrics and cluster analysis
- Planetary position calculation algorithms
- Archetype determination system

2. Validation & Scientific Framework
- Century-scale statistical analysis (1925-2025)
- Empirical validation methodology
- Z-score significance testing
- Exhaustive division optimization testing
- Peer-review quality documentation

3. Software & Applications
- Web application interface (helm_mvp_app.html)
- Calculation algorithms
- User interface design
- Results display methodology

4. Written Documentation
- Complete system documentation (15,000+ words)
- Technical implementation guides
- Business and licensing framework
- Interpretation frameworks
- Educational materials

5. Business Methodology
- Pricing structures
- Licensing frameworks
- Service delivery models

- Commercial applications

COPYRIGHT NOTICE

Â© 2026 Janisha Shardae Bookman (Ma'Ka Yuchii). All Rights Reserved.

This work is protected by:
- United States Copyright Law (automatic protection upon creation)
- Common Law Trademark (The Helmâ„¢)
- Trade Secret protection
- Patent rights (provisional application to be filed)

Unauthorized reproduction, distribution, or commercial use is strictly prohibited.

TRADEMARK CLAIMS

The Helmâ„¢ - Common law trademark claimed as of February 28, 2026

Used in commerce for:
- Astrological/geometric analysis services
- Software applications
- Educational services
- Consulting services

Federal trademark registration to be filed upon reaching commercial viability.

PATENT CLAIMS

Provisional patent application for the following inventions:
- Novel 8-fold geometric segmentation methodology
- State classification algorithm (ENTRY/CORE/EXIT)
- Compression-based anomaly detection system
- Combined geometric-astronomical analysis framework

Full utility patent application to be filed within 12 months.

LICENSING TERMS

Non-Commercial Use:
Academic and research use permitted under Creative Commons BY-NC-ND 4.0:
- Attribution required
- No commercial use
- No derivative works
- Must cite original creator

Commercial Use:
Requires written license agreement. Contact: licensing@peacockphoenixinnerg.com

Unauthorized Commercial Use:
Subject to legal action including:
- Cease and desist
- Monetary damages
- Injunctive relief
- Attorney fees

EVIDENCE OF CREATION

This filing is accompanied by:

1. **Complete System Documentation** (HELM_COMPLETE_SYSTEM.pdf)
   - 103 pages of comprehensive documentation
   - All formulas, methodologies, and frameworks
   - Validation results and scientific proof
   - Technical implementation details

2. **MVP Web Application** (helm_mvp_app.html)
   - Functional birth chart calculator
   - User interface design
   - Calculation algorithms
   - Results display system

3. **Validation Reports** (if applicable)
   - Century-scale statistical analysis

   - Phase 2 and Phase 3 test results
   - Exhaustive division optimization proof

TIMESTAMPING AUTHORITY

This document is being filed with the Internet Archive (archive.org) to establish:

1. **Proof of Creation Date:** That this work existed as of February 28, 2026
2. **Proof of Ownership:** That I, Janisha Shardae Bookman, created this work
3. **Proof of Content:** The exact state and content of the work on this date
4. **Prior Art Establishment:** Preventing others from claiming they created this first

The Internet Archive's timestamp serves as independent, third-party verification that cannot be backdated or altered.

LEGAL NOTICES

To Potential Infringers:

This work is legally protected. If you:
- Copy this methodology
- Use "The Helmâ„¢" name
- Reproduce this system
- Create derivative works
- Offer commercial services based on this work

WITHOUT a written license, you are infringing on protected intellectual property and will face legal consequences.

To Potential Licensees:

Legitimate commercial licensing is available. Contact licensing@peacockphoenixinnerg.com for:
- Individual practitioner licenses
- Software integration licenses
- White-label partnerships
- Revenue-sharing arrangements

To The Public:

This work is shared publicly for transparency and education, but ALL RIGHTS ARE RESERVED. You may:
- View and read this work
- Share links to this work
- Cite this work in academic/research contexts (with attribution)

You may NOT:
- Use this commercially without license
- Remove copyright notices
- Claim it as your own
- Create unauthorized derivatives

TECHNICAL VERIFICATION

File Hash (SHA-256): [To be calculated upon final upload]

Included Files:
1. HELM_COMPLETE_SYSTEM.pdf (103 pages, ~500KB)
2. helm_mvp_app.html (single-page web application)
3. This timestamp document

Total Archive Size: ~600KB

DECLARATION UNDER PENALTY OF PERJURY

I declare under penalty of perjury under the laws of the United States of America that:

1. The information in this document is true and correct
2. I am the original creator of "The Helmâ„¢ Planetary Alignment Doctrine"
3. This work is my original creation and does not infringe on others' rights
4. I claim all intellectual property rights to this work
5. This filing is made in good faith to establish legal ownership and creation date

INTERNET ARCHIVE NOTES

To Internet Archive Administrators:

This document is being uploaded for the purpose of establishing a permanent, public, timestamped record of intellectual property creation and ownership.

Please preserve:
- Upload timestamp
- File integrity (no modifications)
- Permanent public access
- Wayback Machine snapshot

This serves as legal evidence of creation date and may be used in intellectual property disputes, patent applications, trademark registrations, or copyright enforcement actions.

Thank you for providing this crucial public service.

APPENDIX: WORK SUMMARY

What Is The Helmâ„¢?

A validated geometric analysis framework for quantifying planetary configurations using:
- 8-fold segmentation of heliocentric longitude (45Â° sectors)
- State classification (ENTRY/CORE/EXIT)
- Compression metrics and anomaly detection
- Statistical validation across 100 years of NASA data

Key Achievements:
- âœ… Century-scale empirical validation (1925-2025)
- âœ… Statistical significance proven (z-scores >2Ïƒ)
- âœ… 45Â° division proven optimal among 17 tested angles
- âœ… Distinction from pure orbital mechanics established
- âœ… Robust metrics identified (compression)
- âœ… Peer-reviewable methodology

Commercial Applications:
- Individual birth chart analysis ($29)
- Compatibility reports ($49)
- Family system analysis ($149)
- Software licensing (custom pricing)
- API access (subscription model)

Status:
- Copyright: âœ… Active (automatic protection)
- Trademark: â„¢ Common law claimed (federal registration pending)
- Patent: Provisional application to be filed (method pending)

END OF TIMESTAMP DOCUMENT

This document establishes legal ownership and creation date of The Helmâ„¢ Planetary Alignment Doctrine by Ma'Ka Yuchii (Janisha Shardae Bookman) as of February 28, 2026.
